

ACTA CYTOLOGICA

THE JOURNAL OF CLINICAL CYTOLOGY

Volume 14 • 1970

The Williams & Wilkins Company
Baltimore, Maryland 21202

ACYTAN

Copyright © 1970 by the International Academy of Cytology

Subject Index

- Acid production in gastric carcinoma, 216
- Adenocarcinoma, endometrial, medroxyprogesterone acetate treatment for, 353
- Age, effects on maturation of oral mucosa, 566
- Allograft rejection, renal, cytologic urine profile, 176
- Aorta, endothelial lining, sex chromatin, 607

- Bacteria, relation to exfoliated oral cells, 570
- Bilharziasis of cervix (letter to the editors), 305
- Biopsy, aspiration
 - tumors of neck
 - congenital cysts, 51
 - cytologic findings, 51
- Blastomycosis, North American, cytology in diagnosis, 200
- Blood, mouse, preparation of chromosomes, 523
- Book Reviews
 - Atlas of Gastrointestinal Cytodiagnosis, 555
 - Current Topics in Microbiology and Immunology, 625
 - Diagnostic Cytology of the Uterine Cervix, 164
 - Gynecological Vital Cytology, 297
 - Microbial Ribonucleases, 297
 - The Ribosome, 164
- British Society for Clinical Cytology, 8th annual meeting abstracts, 156
- 9th annual meeting abstracts, 615
- Bronchial brushing technique for cytologic specimens from peripheral lung lesions, 25

- Cancer
 - breast, sex chromatin patterns in, in buccal smears, 3
 - cytopathologic diagnosis in pulmonary material, 560
 - gynecologic, cytologically detected, 261
 - immunocytology of, 276
 - uterine
 - detection, 502
 - diagnosis by smears, 544
- Carcinoma
 - alveolar cell, DNA content, 479
 - cervical, pertinence of *in vitro* murine system, 270
 - cervical squamous, cytopathology of, 363
 - gastric, 216
 - invasive, chromosome changes, 495
 - of cervix, role of trichomoniasis, 325
 - oral cavity, cytologic study of radiation changes, 22
 - pulmonary, cytology in diagnosis, 95
 - transitional cell, cytologic findings, 243
 - uterus, detection of, 111
- Carcinostatic agents, effect on exfoliated cancer cells, 589
- Cavity, oral, carcinoma of, cytologic study of radiation changes, 22
- Cell population, identification studies, 307
- Cell recognition, neighborhood grouping techniques in TICAS, 313

- Cells
 - amniotic fluid, fetal maturity determination, 439
 - cancer, hypochromic, chromosome number, 463
 - cervical squamous epithelial, 182
 - endometrial
 - data bank, 574
 - histogenesis
 - of cilia, 586
 - of microvilli, 586
 - hypocestrogenism, 583
 - epithelial, changes in fallopian tubes, 531
 - exfoliated cancer, effect of carcinostatic agents, 589
 - exfoliated oral, relation of bacteria to, 570
 - extrauterine carcinoma, 187
 - hypochromic, in malignancy, 464
 - karyotype evolution, 192
 - rapid method for preparation for ultrastructural study, 603
 - recognition, computer program, 486
 - "satellite," in amniotic fluid, 609
 - sex chromatin, of endothelial lining of aorta and heart, 607
 - tumor, cytogenetic study, 404
 - in vaginal smears, 519
 - prognosis of cancer, 519
 - urine (letter to the editors), 123
 - uterine glandular, computerized recognition, 136
- Cervical epithelium, cytologic changes in, 386
- Cervical pemphigus, cytology of, 42
- Cervix
 - bilharziasis in (letter to the editors), 305
 - carcinoma, trichomoniasis epidemiology in, 325
 - radiated, persistent tumor cells in, 519
 - schistosomiasis hematobium in (letter to the editors), 305
 - uterine, chromosome changes in, 495
- Chromatin, sex. *See Sex chromatin*
- Chromosome
 - changes in invasive carcinomas, 495
 - characteristics, of neurogenic tumors, 510
 - number of hypochromic cancer cells, 463
 - Philadelphia, 192
 - preparation of, from mouse blood, 523
- Cilia, histogenesis, in endometrial cells, 586
- Computer program for cell recognition, 486
- Contraceptive device
 - intrauterine
 - cytologic studies after insertion, 35
 - cytology of, 58
 - oral, vaginal cytology in effects of, 382
- Cryosurgery, cervical epithelium, cytologic changes in after, 386
- Cryptococcus neoformans in sputum cytology, 87
- Cysts, congenital, cytologic findings, 51
- Cytodiagnosis
 - malakoplakia, 48, 92
 - on sputa (letter to the editors), 121
- Cytologic evaluation of exclusive medroxyprogesterone acetate treatment, 353
- Cytologic patterns, cyclic vaginal, 348

- Cytologic specimens from peripheral lung lesions, bronchial brushing techniques, 25
- Cytologic studies after insertion of intrauterine contraceptive device, 35
- Cytologic study, radiation changes in carcinoma of oral cavity, 22
- Cytology
- aural, in diagnosis of tumors, 411
 - brushing
 - of esophagus, 219
 - of stomach, 219
 - cervical, and mycoplasma, 434
 - cervical pemphigus, 42
 - diagnostic
 - Odorico Viana contribution, 544
 - of stomach, 333
 - in diagnosis of blastomycosis, 200
 - in pericardial mesothelium, 283
 - intrauterine contraceptive devices, 58
 - irrigation method, uterine cancer detection, 502
 - of malignant lymphomas of stomach, 291
 - of parotid duct tool in gland enlargement, 254
 - programmed teaching machine in, 130
 - pulmonary, and mass screening (letter to the editors), 121
 - pulmonary carcinoma, 95
 - respiratory tract, 526
 - sputum, *Cryptococcus neoformans* in, 87
 - vaginal
 - effects of oral contraceptive, 382
 - placental insufficiency, 78
 - treatment with steroid combinations, 344
 - vesicular conditions affecting oral mucosa, 11
- Cytomegalic inclusion disease, urinary cytologic diagnosis of, 338
- Cytopathologic studies, exfoliative, in organ transplantation, 176
- Cytopathology
- exfoliative, of pulmonary malignant histiocytoma, 83
 - of cervical squamous carcinoma, 363
- Cytophotometry
- diagnostic use, 370
 - Feulgen, study of DNA content of cells, 68
- Diagnosis
- blastomycosis, cytology in, 200
 - cytologic
 - of cytomegalic inclusion disease, 338
 - of transitional cell tumors, 145
 - tumors of stomach, 249
 - cytopathologic, of cancer in pulmonary material, 560
- Diseases, urologic benign, cytologic findings, 243
- DNA
- content
 - comparative, in intermediate and parabasal layers of intraepithelial neoplasia, 68
 - of alveolar macrophages, 479
 - replication in radiation-induced thymomas, 6
- Editorial
- Quality control standards for laboratories and cytotechnology registration, 557
 - Egg that never was (letter to the editors), 1
- Entameba gingivalis, distinction from *Entameba histolytica* (letter to the editors), 361
- Entameba histolytica, distinction from *Entameba gingivalis* (letter to the editors), 361
- Enterobius vermicularis, in cervical smear, 466
- Epithelium
- cervical, with herpesvirus hominis, 538
 - cervical squamous, *in vitro*, differences from *in vivo* cells, 182
 - vaginal,
 - effect of anabolic steroid, 595
 - effect of 29'038-BA, 595
- Fallopian tubes, epithelial cell changes, 531
- Feulgen-DNA value, correlation with nuclear size, 104
- Fiberscopes, direct vision, in brushing cytology of esophagus and stomach, 219
- Fibroblasts
- human, time-lapse studies, 468
 - skin, cytogenetic study, 404
- Fluid, amniotic, "satellite cells" in, 609
- Genital tracts, and eye of newborn infants, cytology of TRIC infection, 390
- Gland, parotid, cytology as diagnostic tool, 254
- Gleanings, global, 237
- Heart, endothelial lining, sex chromatin, 607
- Herpes genitalis
- cellular manifestations, 124
 - planned parenthood of New York City, 239
- Herpes simplex, cervical epithelium, cellular changes, 538
- Herpesvirus hominis, cervical epithelium, cellular changes, 538
- Histiocytes, comparative morphology, 205
- Histiocytoma, pulmonary malignant, exfoliative cytopathology of, 83
- Hypoestrogenism, and endometrial carcinoma, 583
- Images, cellular, computerized microdissection, 418
- Immunocytology of cancer, 276
- Insufficiency, placental, in vaginal cytology, 78
- International Academy of Cytology
- constitution and bylaws, 444
 - membership roster, 451
- Irrigation cytology method, uterine cancer detection, 502
- Irritant, cytology of lung, 377
- Keratin, indicators for cycle stages, 382
- Laboratories, quality control standards (editorial), 557
- Leukemia, urinary cytologic diagnosis of cytomegalic inclusion disease, 338
- Leukocytes, peripheral blood, cytogenetic study, 404
- Lung
- cytology, 377
 - lesions, peripheral, bronchial brushing technique for cytologic specimens, 25
- Lymphocytes, ultramicroscopic studies, 224
- Lymphomas, malignant, of stomach, cytology of, 291
- Macrophages, alveolar, DNA content, 479
- Malakoplakia, cytodiagnostics, 48, 92

- Manifestations, cellular, of herpes genitalis, 124
 Maturity, fetal, determination of, 439
 Medroxyprogesterone acetate treatment, for endometrial adenocarcinoma, 353
 Membrane filter preparations, method of handling (letter to the editors), 559
 Menstrual cycle
 epithelial cell changes of fallopian tubes, 531
 normal comparison of vaginal and oral smears, 31
 Mesothelium, pericardial, cytologic features, 283
 Microdissection, computerized, of cellular images, 418
 Microscopic slides, synthetic-resin-mounted, annual bands in, 142
 Microvilli, histogenesis, in endometrial cells, 586
 Mitosis, time-lapse studies, 468
 Mounting fluid, quick drying (letter to the editors), 306
 Mucopolysaccharide, acid, indicators for cycle stages, 382
 Mucosa
 oral
 cytology of vesicular conditions, 11
 effects of age and smoking on maturation, 566
 Murine system, pertinence of, in cervical carcinoma, 270
 Mycoplasma, cervical cytology and, 434
 Neoplasia, cervical intraepithelial, DNA content of cells, 68
 Newborn, eye infection, TRIC, 390
 Nuclear size, correlation with Feulgen-DNA value, 104
 Oögenesis, polar body formation, 464
 Paget's disease of vulva, 404
 Papillary structures, benign, of ovary, 45
 Parents, perfect, 173
 Pemphigus, cervical, cytology of, 42
 Pemphigus vulgaris, cytology of vesicular conditions, 11
 Polar bodies, formation during oögenesis, 464
 Programmed teaching machine in cytology, 130
 Psammoma bodies, cervicovaginal smear, 45
 Quality control standards (editorial), 557
 Radiation, changes in carcinoma of oral cavity, 22
 Schistosomiasis hematobium of cervix (letter to the editors), 305
 Sex chromatin
 in cells of endothelial lining, 607
 patterns in buccal smears in breast cancer, 3
 time-lapse studies, 468
 Smears
 aspiration biopsy, cytologic diagnosis, mammary tumors, 370
 buccal, sex chromatin patterns in, in breast cancer, 3
 cervical, enterobius vermicularis in, 466
 cervicovaginal
 extrauterine carcinoma cells in, 187
 psammoma bodies in, 45
 imprint, in diagnosis of tumors of stomach, 249
 oral, comparison with vaginal, in normal menstrual cycles, 31
 peripheral blood, malignancy related changes, 399
 vaginal
 comparison with oral, in normal menstrual cycles, 31
 staining for acidic protein, 65
 Smoking, effects on maturation of oral mucosa, 566
 Spirals, respiratory, progress report, 291, 396
 Spot sizes, assessment of efficacy, uterine glandular cells, 136
 Standards
 quality control
 for cytotechnology registration (editorial), 557
 for laboratories (editorial), 557
 Steroid, anabolic, effect on vaginal epithelium, 595
 Steroid combinations, treatment with, 344
 Stomach, cancer cells, effect of carcinostatic agents, 589
 Structure, nuclear, staining for acidic protein, 65
 Syphilis, gastric, diagnostic cytology, 333
 Thymomas, radiation-induced, DNA replication in, 6
 TICAS
 cell recognition by neighborhood grouping techniques, 313
 file project, data bank for endometrial cells, 574
 Tract, respiratory, cytology of, 526
 Transplantation, organ, exfoliative cytopathologic studies, 176
 TRIC agent infection, cytology of, 390
 Trichomoniasis, epidemiology of, 325
 Tumors
 aural cytology in diagnosis, 411
 malignant, imprint smears in, 249
 mammary, aspiration biopsy smears, 370
 neck, aspiration biopsy of, 51
 neurogenic, chromosomal characteristics, 510
 transitional cell, cytologic diagnosis, 145
 29'038-BA, effect on vaginal epithelium, 595
 Ultramicroscopic studies, lymphocytes from cancer patients, 224
 Urine, cytologic profile during renal allograft rejection, 176
 Uterus, carcinoma, detection of, 111
 Viana, Odorico, contribution to diagnostic cytology, 544
 Vulva, Paget's disease, 404
